

I am very strongly against making any changes to the DO NOT CALL LIST that our Attorney General, Steve Carter, worked so hard to pass for us. We do not do any business with the members of CBA on the list of banks filing this suit. If we want to conduct any business with them, we will contact them. My husband and I agree with on this issue. We will not even donate to charities over the telephone--no matter how much good they do. They have our address and they can reach us through that method. We will then decide how much we can afford to donate. THIS IS "OUR HOME". Just because we own a telephone does not give these people the right to invade our privacy.
